

Design Your Own Reusable Bag!

For All Ages

Clean Communities' new campaign, "Bag Up NJ", has one simple message: Bring your own reusable bag(s) when you shop. In connection with Earth Day, Bergenfield's Clean Communities is hosting this event, where you will be given a reusable bag and make it your own by letting your imagination run wild.

We will provide supplies to make your bag in house, or you can simply swing by, pick up your bag and design it at home!

Please send pictures of all bags to jluppino@bergenfield.com

Monday, April 18
3 - 6 pm
in the Friends Room

Please be advised that library staff may take photos during the event for promotional purposes. If you do not wish to have your child appear in a photo, let a staff member know.
